SUMMARY

BCA graduate with hands-on experience in Java, C++, and front-end web development. Built responsive web applications and academic projects demonstrating strong understanding of OOP, problem-solving, and clean coding practices. Currently enhancing full-stack development skills and eager to contribute to real-world software development environments.

CAREER OBJECTIVE

To secure an entry-level Software Developer position where I can apply my knowledge of Java, C++, SQL, and web technologies to build scalable applications, contribute to team projects, and continuously grow as a software professional.

PROJECTS

Portfolio Website

[Live Demo](#)

Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase technical skills and projects. Implemented modern layout techniques (Flexbox/Grid) to ensure cross-device compatibility and improved user experience through clean UI design.

Footcap – E-commerce Front-End

[Live Demo](#)

Built a responsive e-commerce style shoe website using HTML, CSS, and JavaScript. Designed interactive UI components, product sections, and navigation features to enhance user engagement and demonstrate front-end development skills.

TRAINING

- Completed 3-month intensive Java training at JSpiders/QSpiders covering OOP, JDBC, Servlets, and SQL fundamentals.
- Completed Full Stack Development training at Aptech focusing on front-end and back-end technologies.

EDUCATION

2022 – 2025 **Bachelor of Computer Applications (BCA)**
GNIOT Institute of Professional Studies

2022 Class 12th – CBSE Board

2020 Class 10th – CBSE Board

TECHNICAL SKILLS

Languages	Java, C++, JavaScript, Python
Web Technologies	HTML, CSS, Bootstrap
Database	SQL, PostgreSQL
Tools	Git, GitHub, IntelliJ IDEA, Visual Studio Code
Soft Skills	Leadership, Time Management, Event Coordination
